Gainesville is still on the map, and is one of the best towns in Florida.

Baron Alphonse de Rothschild, head of the Paris branch of the great banking house, is dead.

The Presbyterians have decided to give up the idea of establishing a university at Atlanta, Ga.

If the East Florida Seminary must pass out, it will leave a record of which its friends may be proud.

Where there is so much smoke it is quite certain you will, by diligent search, find a few burning embers.

Thank fortune, the much osculated Captain Richard P. Hobson is married at last. He has kept the matrimonial market in an uproar long enough, and now the coast is clear for some one else.

The Legislature can destroy the best schools in Florida, but when it comes to stating facts about the conduct and conditions of schools by a committee from that body, the shoe is on the other foot.

The Punta Gorda Herald would convey the idea that The Sun favors Sunday baseball. The Sun and the people of Gainesville don't desire to have baseball, chicken or bull fights on Sunday. The people of Gainesville have six white churches to attend on Sunday; and there is no city in the State that patronizes its churches more liberally than Gainesville.

Decoration Day, Tuesday, May 30, will be observed by the G. A. R. Post of this city, the Confederate Veterans and both Chapters of the U. D. C. The hands of brothers are now clasped across the chasm and the old boys of the blue and gray are now as strongly united as ever. May they live in peace the remaining days they have among us, united in love of the one glorious country.

A job printing office in Ocala, says The Star, is printing 500 copies of a letter for a colored Baptist preacher, which the said preacher says was written by Christ to his people and placed under a rock near Daytona. This is the fourth communication that has reached this divine from the same source via the same postal route, during the past few years, and each letter calls for 500 copies, to be printed and sold to the members of his religious persuasion.

According to the very best information obtainable, we pass this way but once, and when we step into the valley of the shadow, all our earthly belongings will be left behind. Not a cow, nor a sheep, nor an acre of land, not a dollar of money, will go into the grave with us. Why then should men race through life in a mad flight for gold, brushing all the better things aside, when at last it must be unloaded at the tomb? Would it not be better to smile a little and do a few good deeds as we went along? Would it not be a better plan to put a flower into the hand of some sad-hearted human being struggling along the road of life, than to clutch an almighty dollar until cold death forced us to relinquish it?

GOVERNOR'S MANSION.

The building of a mansion for the Governor of the State of Florida is of interest to every voter, and we publish the substitute, which was passed by both houses and will become a law when signed by the Governor. It is as follows:

Section 1. The Governor of the State, the comptroller and three suitable persons, citizens of this State, shall constitute a commission, of which commission the Governor shall be chairman and the comptroller the secretary. The Governor shall select and appoint the three citizens to be members of the commission provided for herein, and they shall be chosen from different counties of the State, and he may fill any vacancies that may occur during the continuance thereof. The terms of the office of such commissioners shall expire with the completion of the purposes provided for by this act, and the three commissioners to be so appointed shall be paid only their actual expenses while serving as such.

Sec. 2. It shall be the duty of the commission, as soon as practicable after their appointment, to select and acquire a lot or tract of land within the corporate limits of the city of Tallahassee or its vicinity, as a suitable site for the erection of a building or buildings thereon to be known as the Governor's mansion, and to select and approve plans and specifications for the construction of such building or buildings, and for the complete furnishing of the same; and shall contract for the building of such mansion and necessary outhouses and fences, including the painting of same and complete furnishing thereof, and for the proper laying out and adornment of the grounds surrounding the same; and to advertise for plans and specifications to see that such plans and specifications are properly executed.

Sec. 3. Nothing in this act shall prevent the acquisition or use of the park or square in the city of Tallahassee known as "Jackson Park" or "Jackson Square," for such site, and such commission are authorized to ascertain if such park or square is the property of the State or may be lawfully appropriated to the purposes of this act, and shall acquire the same for such purposes by indefeasible title in fee simple in the State of Florida; then such commission shall file in the office of the secretary of State a written declaration of their having selected and the States' having acquired such park or square for such site; Provided, always, that such commission shall exercise their judgment whether to select such park or square for such purpose or acquire some other site and erect buildings thereon and improve the same as provided in this act.

Sec. 4. The commission shall let all contracts to the lowest responsible bidder or bidders, and shall require from the contractor or contractors undertaking the work or any portion thereof, as a guarantee that the same will be properly done, and that said building or buildings and improvements shall be properly and completely erected within one year after the said contract is let, a bond with good and sufficient surety, and conditioned as above indicated, and such commission is hereby authorized and empowered to do every other matter and thing necessary to the carrying out of the purposes of this act.

Sec. 5. That the sum of twenty-five thousand dollars, or so much thereof as may be necessary, be and the same is hereby appropriated out of the moneys in the treasury not otherwise appropriated, for the purposes provided for by this act; and no payment shall be made except by warrant drawn by the comptroller on the treasurer and upon itemized accounts approved by the commission, or a majority of them.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

and duly audited by the comptroller, and no more than the sum hereby appropriated shall be used for the purposes of this act; Provided, however, and it is distinctly understood that in case said Jackson or other park or square in the city of Tallahassee shall not be selected and acquired for the purposes of this act, then no money appropriated by this act shall be used for any purpose of this act until a site for such mansion suitable to said commission shall have been donated and conveyed by proper deed in fee simple, free from all incumbrance to the State of Florida, without expense to said State, to be used for the purposes of this act.

BUCKMAN BILL PASSED.

The Buckman bill, which is considered by many to be an injury to the schools of Florida for several years to come, has been made a law. It does away with all the colleges receiving State aid, except the State university and a female college to be located later.

Senator McCreary made a noble fight against great odds to save East Florida Seminary, but the forces against him and education were too strong.

The vote on the amendment to leave the Seminary out of the bill stood 10 in favor to 15 against. The vote on the Buckman bill was 16 for, to 5 against the bill, many of the minority having left the hall before the vote was taken.

We submit without comment at present.

A railroad man contributes this regarding the Book of books: If you have the blues, read the 27th Psalm. If your pocket-book is empty, read the 37th Psalm. If people seem unkind, read the 15th chapter of John. If you are discouraged about your work, read the 128th Psalm. If you are all out of sorts, read the 12th chapter of Hebrews. If you are losing confidence in men, read the 13th chapter of First Corinthians. If you can't have your own way in everything, keep silent and read the 3d chapter of James.

The Legislature should appoint a standing committee on vindication.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."
